

ROSEVILLE ENDOCRINOLOGY

508 Gibson Drive, #270, Roseville, CA 95678

Phone: 916-786-6727 | Fax: 916-786-6748

WELCOME!

We are pleased and honored that you have chosen Roseville Endocrinology as your health care provider. In order to ensure the optimal coordination of care and make the most of your first visit, there are a few important items that we ask you to bring. Please bring the following to your first appointment:

- Your insurance card and photo identification.
- The completed new patient paperwork packet.
 - o This packet can also be made available to you in our office at your first visit.
- Please bring all your current medications you are taking including any bottle of over the counter vitamin or supplements.
 - o It is also helpful for the physician to know what medications you have tried in the past.
- Any health records you may have in your possession.
 - o If you do not have copies of your health records, we can request records from previous providers if you sign a release.
 - o You can obtain a release at your first appointment or sign one ahead of time by filling out the release in the new patient paperwork on our website.
- Any lab test results from lab work performed in the last year.
 - o If you do not have copies of your lab results, you may request that the results be sent to our office prior to your first appointment by contacting your primary care physician or the lab where your tests were done.

Please fill out the Patient Authorization Form if you would like us to be able to disclose lab results or other health information to a specific family member.

Please arrive 15 minutes prior to your scheduled appointment time in order to check in.

Thank you for choosing Roseville Endocrinology. We look forward to providing you with quality care.

Manish Upadhyay, MD and staff
